Small Group Travel

We like to keep things personal, that's why Outback Spirit favour small group travel. With a maximum of 26 people, your adventure will be one without the crowds so you can truly immerse yourself in every experience.

Meaningful connection

The people you travel with won't be strangers for long. A smaller group means you can really get to know them, share stories and find common interests. On an Outback Spirit Adventure, you'll likely make lifelong friends.

A sense of place

A great benefit of small group travel is that it allows you to experience accommodation that's representative of the places you're travelling to. That means exclusive stays in the Kimberley or Arnhem Land and boutique lodgings in states like Queensland and Tasmania, that allow you to immerse yourself in the stunning natural environment.

Exclusive experiences

With Outback Spirit, you'll get to experience a wide array of attractions without the rush. With limited crowds and at times, exclusive access, this really is the most authentic way to experience Australia.

Walk in their shoes

Our guides are salt-of-the-earth people who live and breathe this country. Their passion is infectious. As they take you through tropical rainforests and wild mountain ranges, we're sure you'll find that same love yourself.

Knowledge is key

Every region is carefully assigned to a passionate guide to ensure your experience is as authentic as possible. We provide continual training to make sure their information is accurate and up to date and wherever possible, we work with Indigenous guides, to ensure our experts live and breathe the details.

The best of the best

Each tour is led by an Expert Driver/Guide or across many tours a two-person crew of Tour Director and Driver leads your adventure. In addition, at select locations, you'll also be joined by a specialist local guide, sharing their in depth local knowledge with you. All Outback Spirit drivers are professionals, with comprehensive, multi-year heavy vehicle driving experience under their belts.* That means that every where you travel, you're in good hands.

*Heavy vehicle driving experience applies to staff driving our large all-terrain coaches, which require an MR license endorsement (or equivalent) or higher.

Mercedes-Benz 4WD Fleet

Out here, there's only one way to get around. And that's on board our \$30 million fleet of all-terrain, Mercedes-Benz 4WDs, which provide unparalleled access to even the most remote parts of this country in total comfort.

Smooth all the way

Roads can be rare around here, but with the sturdiest parabolic suspension systems available, the journey will always be a breeze. On board our Mercedes-Benz fleet, you'll be cushioned from the landscape, travelling through rugged environments in comfort.

Time to get comfortable

You'll cover a large amount of distance on your journey. Thankfully, our custom fleet provides more legroom than just about any other commercial tour vehicle available. So, you can stretch back, relax and have a chat.

A safer way to travel

It's no secret that Mercedes-Benz make some of the safest vehicles on the market. And that's no different here. From exceptional handling to superior suspension, there's not a single thing you'll have to worry about.

Quiet when you need it

On the outside, every tour vehicle is equipped with modular design and exceptional sound deadening materials. On the inside you'll find reclining leather seats, carpet and velour, resulting in a more soothing outback experience.

Our Commitment

There's great responsibility that comes with exploring the lands we travel through, and respecting the Traditional Owners is at the heart of our journeys. That's why we've put in place initiatives that help preserve their culture and strengthen our relations.

Indigenous employment

Wherever possible, Outback Spirit seeks to provide employment to local Aboriginal people. Often as tour guides, you'll experience the endlessly fascinating world of Aboriginal culture from those who know it best.

Supporting Indigenous businesses

Outback Spirit's tour operations provide valuable support to local Indigenous businesses. That's why we include them in many of our adventures, from local art centres to Indigenous owned accommodation and facilities.

Community sponsorships

We sponsor football clubs, dance and other sporting groups in remote Aboriginal communities and offer further support with local education and training programs; helping the youth lead healthy lifestyles and providing them with future opportunities.

Eco Certified

Australia is known for its unique, yet fragile habitats. Outback Spirit's eco-tourism accreditation reflects our commitment to using resources wisely, ensuring your adventure leaves as little a footprint as it possibly can.

Australian Wildlife Conservancy

Since 2008, we've donated over \$2 million to organisations such as the Australian Wildlife Conservancy, supporting their endeavours to protect our environment. We continue to add to this figure annually.

Journey Lightly

As part of the Journey Beyond Group, Journey Lightly is our promise. It is a guiding principle which reminds us that we are more than a travel company. As we share the special places we are honoured to operate in, we do that with care, and we tread lightly. Read more on page 132.

Day 1: Darwin

On arrival into Darwin, enjoy a city tour before being transferred to the Hilton Garden Inn, located on The Esplanade. Gather for a tour briefing, along with dinner at the hotel restaurant. **D**

Stay: 1 night at Hilton Garden Inn

Day 2: Darwin - Maningrida - Barramundi Lodge

Beginning our adventure, we fly to Maningrida, experiencing a rousing 'Welcome to Country' on arrival which invites us to enjoy this special place.

We spend the next two nights at Barramundi Lodge, which is owned and operated by Outback Spirit. With special permission from Traditional Owners, the lodge has exclusive fishing licenses for numerous remote waterways, including the Tomkinson and Liverpool Rivers. The lodge features 12 beautiful safari suites and a restaurant overlooking the floodplains below. **B.L.D**

Stay: 2 nights at Barramundi Lodge

Day 3: Maningrida Fishing & Wilderness Adventure - Arts & Cultural Centre

This morning, we enjoy an exclusive fishing adventure on the Liverpool and Tomkinson Rivers. Our expert fishing guides will take you wherever the fish are biting aboard our sturdy Ocean Master vessels, the pinnacle for remote marine adventures. Today's fishing adventure is also a wilderness tour, so even if fishing isn't your thing, you'll still enjoy the amazing scenery and informative commentary.

We then visit the Maningrida Arts and Cultural Centre and the Djomi Museum for an immersion in the culture and spiritual richness of the area. Maningrida Arts & Culture is a pre-eminent site of contemporary Indigenous cultural expression and art-making, empowering local Indigenous artists to pursue successful global careers from their homeland and township bases.

Later this afternoon, we'll enjoy a sunset drink on the deck before dinner and tell everyone about the one that got away. **B.L.D**

Day 4: Maningrida - Mount Borradaile

Departing Maningrida after breakfast, our travels take us through the stone country of west Arnhem Land. We'll cross the Goomadeer and Liverpool Rivers before arriving at the turnoff to Davidson's Arnhemland Safaris, Mount Borradaile. From here, we travel along a 40km bush track into the safari lodge, arriving in time for lunch.

This afternoon, the highly trained staff at Mount Borradaile will take you through 40,000 years of Aboriginal culture in a truly awe-inspiring landscape. The area contains some of the most stunning rock art galleries in the world with subjects ranging from now-extinct animals to 20th-century sailing ships and the iconic Rainbow Serpent. Later this afternoon, we return to the lodge for dinner. **B.L.D**

Stay: 2 nights at Davidson's Arnhemland Safari Lodge

Day 5: Mount Borradaile

Today, we jump into the open-back Toyotas and continue exploring the wonderland that is Mount Borradaile. We'll visit the ancient catacombs, where the sandstone has been eroded by wind and water over 600 million years, resulting in a massive cave system that is full of Aboriginal art. Learn about the variety of techniques used in rock paintings as the styles evolved over thousands of years of occupation and storytelling. We'll also wander through various occupation sites and view a range of artefacts from when these sites were in use.

After lunch, it's time to explore the incredible wetlands of Cooper Creek. Admire the prolific birdlife and large crocodiles sunning themselves on the banks as you discover lagoons that seem as if they have sprung from a story book. As the sun seeks the horizon, setting over the floodplain, enjoy a glass of wine and some nibbles before returning to the lodge. **B.L.D**

Day 6: Arnhem Land – Kakadu National Park

Immerse yourself in culture at the Injalak Art Gallery in Oenpelli, home to over 200 talented artists, weavers, and craftspeople from Gunbalanya and beyond.

Crossing Cahill's Crossing, we enter the World Heritage-listed Kakadu National Park, a vast wilderness of wetlands, diverse wildlife, and ancient rock art. The Bininj/Munggyu people have lived here for 65,000 years, leaving behind over 5,000 rock art sites.

We explore Ubirr, where a short circular walk unveils stunning rock galleries, and those up for a challenge can climb to the escarpment's peak for breathtaking views over the Magela floodplain. After lunch, we visit the cultural centre before settling into our hotel for the next two nights. **B.L.D**

Stay: 2 nights at Mercure Kakadu Crocodile Hotel

Day 7: Kakadu National Park

Start the day with a cruise along the Yellow Water (Ngurrungurrudjba) wetlands, home to an array of birdlife and some impressive saltwater crocodiles.

We then depart for Burrungkuy (Nourlangie) rock art site, with more amazing rock paintings, which date back 20,000 years. You also have the opportunity to climb up to the Gunwarddeharde lookout for majestic views. Afterwards, we return to the hotel in time for dinner. **B.L.D**

Day 8: Kakadu National Park - Darwin

It's an early start today as we head to the airstrip, where you'll gain an aerial perspective on this incredible environment. Take to the skies on a 30-minute scenic flight over ancient escarpments, floodplains and winding rivers, exhibiting the results of 1.8 billion years of continuous erosion.

Setting our sights for Darwin, we will cross the South Alligator River with its expansive wetlands which, for many years, were used for buffalo hunting. We'll travel via Humpty Doo before arriving into Darwin, where our tour ends.

Here, there is the option of being transferred to your city centre hotel if you are staying longer, or the airport for your flight home. **B**

“If we could score higher we would! Graham and Maria made the tour! Previously we have always travelled independently; this was our first ‘organised tour’ and therefore we were initially apprehensive. However Graham and Maria ensured each and every guest were treated exceptionally well. They were professional, extremely informative and knowledgeable as well as making the tour fun. We were in awe of how they managed the workload not only during time with guests but also before and after each day.”

The Kimberley

It's Australia's final frontier, a region rich in history spanning the dawn of man to the modern age. Parts of the Kimberley are so remote, you'll be one of a handful that walk there. Take in the wonders of this pristine environment with Outback Spirit.

A Deeper Journey into The Kimberley

The Final Frontier of Australia.

Outback Spirit is one of the largest tour operators in the Kimberley, offering hand crafted itineraries born from over 20 years of experience. Your adventure will cover all major highlights, including Ngauwudu (Mitchell Plateau), Purnululu National Park and a few unknowns only we can show you. And you'll be guided by the locals every step of the way.

Purnululu National Park, The Bungle Bungle Range

Witness the majesty of the Bungle Bungles, one of Australia's most iconic sacred sites, from two perspectives: up above on a scenic helicopter flight or down below on a guided tour following the 'dome trail' for a close up of these unique formations.

Garaanngaddim, Horizontal Falls

Known as Garaanngaddim by the local Indigenous people, Horizontal Falls is a truly curious phenomenon - a place where tidal currents cause waterfalls to ebb and flow. And we'll take you right into the swirling heart of it.

Purnululu National Park, Cathedral Gorge

One of the planet's few natural amphitheatres and a World Heritage-listed site, Cathedral Gorge is a place that once seen, few people seldom forget. Equally eerie and magnificent, it will make you appreciate the beauty of mother nature.

Network of camps and lodges

Situated in the wilds of Ngauwudu, Mitchell Plateau or in the heart of Purnululu National Park, Outback Spirit has a network of camps and lodges in the Kimberley region. Here you will always lay your head in spectacular locations.

Exclusive Camps and Lodges

Immerse yourself in the Bungle Bungle Range with a two-night stay at this ideally positioned safari lodge within Purnululu National Park.

At a glance

- All-inclusive experience
- Located within Purnululu National Park
- Raised decking area with open fire
- Close to all the attractions including Cathedral Gorge, Echidna Chasm and Piccaninny Creek
- Delicious home-style meals
- Comfortable cabins with private ensuites
- The only lodge in the Bungle Bungle Range with a swimming pool

Bungle Bungle Savannah Lodge is the most established accommodation within the World Heritage-listed Purnululu National Park (the Bungle Bungle Range). Located in the south of the park on Bellburn Creek, the lodge features 28 architecturally designed cabins, scattered throughout a bush setting. There's also a licensed restaurant and outdoor bar area overlooking the creek, an ideal spot for a cool drink at the end of the day.

Although recently upgraded, Bungle Bungle Savannah Lodge was one of the original safari facilities in the park and is still the most ideal spot from which to explore this fascinating geological landmark. It's close to all of the park's highlights, including Cathedral Gorge and Piccaninny Creek, and is one of only a handful of accommodation facilities in the area.

Outback Spirit is a 50% owner of the Bungle Bungle Savannah Lodge, in partnership with Aviair in Kununurra.

Built exclusively for Outback Spirit guests, Ngauwudu Safari Camp allows for in-depth exploration of the stunning Mitchell Plateau.

- Exclusive to Outback Spirit guests

Ngauwudu (pronounced Ng-woo-doo) is the Aboriginal name for the Mitchell Plateau, a striking and untouched wilderness in the North Kimberley. Outback Spirit's safari camp is one of only two permanent camps at Ngauwudu and is by far the most luxurious and spacious.

Ngauwudu Safari Camp was expanded and renewed for the 2022 touring season, with a multi-million-dollar upgrade and the addition of eight new Safari Suites. The original Safari Suites have all been beautifully outfitted, with new furniture, fittings and bedding. This, along with private ensuites, crisp laundered linen, full insect screening and a wide verandah with outdoor furniture, makes for an even more luxurious experience. The Wawida Pavilion, home to Ngauwudu Safari Camp's restaurant and bar, has also been transformed, with updated dining facilities, a cosy lounge and extended alfresco area, perfect for relaxing during the day or night.

Coral Adventurer, The Kimberley, WA

Your Journey

In true expedition style, Coral Expeditions refrains from providing a rigid day-by-day itinerary to prioritise flexibility throughout the journey and maximise your expeditionary experience. The below is an indication of the itinerary departing Darwin and arriving Broome. For the opposite direction, the itinerary is in reverse.

Day 1: Depart Darwin or Broome

Darwin Departures: Arrive at Darwin Fort Hill Wharf for boarding at 8:00am. There will be a light breakfast available before we cruise across Joseph Bonaparte Gulf.

Broome Departures: Arrive at the Mangrove Hotel at 3:30pm before our transfer to Broome Deep Water Port for boarding.

Stay: 10 nights on Coral Geographer, Coral Adventurer, or Coral Discoverer

King George River & Falls

Fed by the King George River, 80m tall King George Falls are the most impressive Kimberley waterfalls and the highest twin falls in Western Australia. Before reaching the base of King George Falls, we cruise through steep-sided gorges carved by a flooded river system 400 million years ago.

Vansittart Bay

Vansittart Bay boasts culturally rich sites, including the ancient Gwion Gwion (Bradshaw) Aboriginal rock art galleries. Jar Island, named for the pottery remnants left by Makassan fishermen, and Anjo Peninsula, home to the wreckage of a US Airforce C-53 Skytrooper aircraft from 1942.

Mitchell Falls, Winyalkan, & Swift Bay

Opt for a scenic helicopter tour (extra fee) to Mitchell Falls with its cascading rock pools and hidden rock art galleries. Or explore sandstone caves at Wollaston Bay or Wollaston Creek, and visit Wandjina and Gwion art galleries at Swift Bay.

Prince Frederick Harbour & Bigge Island

The harbour is dotted with islands lined with mangroves and monsoon rainforests, set against a backdrop of ochre-hued escarpment. We will take our Xplorer tender vessels on a cruise up Porosus Creek to view some striking rock formations.

Prince Regent River & Careening Bay

King Cascade is a beautiful, terraced waterfall and is one of the most photographed waterfalls in the Kimberley. We reach King Cascade after cruising in our Xplorer tender vessels down the steep-sided Prince Regent River.

Montgomery Reef

Twice daily, colossal 11m tides reveal Montgomery Reef from the Indian Ocean, unveiling a flat-topped reef with rock pools and rivulets. We explore closely in our Xplorer and Zodiac tenders, watching opportunistic birds feast on exposed marine life.

Doubtful Bay & Raft Point

Raft Point guards the entrance to Doubtful Bay, that harbours significant sites such as the ancient Wandjina rock art galleries. We visit the rock art galleries when Traditional Owners are available to guide us. Red Cone Creek winds down to Ruby Falls through stacked rock formations, offering climbing opportunities before leading to freshwater swimming holes and waterfalls.

Horizontal Falls

The Horizontal Falls, born from the Kimberley's immense 11m tides, showcase nature's power as ocean rushes through a narrow gorge, creating a horizontal waterfall. Riding these rapids on our Zodiacs is a Kimberley cruise highlight. Talbot Bay, in the Buccaneer Archipelago, features ancient rocks over 2 billion years old. Witness geological forces at Cyclone Creek's rock formations and sail past Koolan Island, ending with sunset drinks at Nares Point.

The Lacepede Islands

The Lacepede Islands, a class-A nature reserve, host nesting sites for brown boobies, roseate terns, and green turtles. Explore the lagoons via Xplorer and Zodiac tenders.

Day 11: Arrive Broome or Darwin

Broome Arrivals: Arrive in Broome this morning at 8:00am.

Darwin Arrivals: Arrive at Darwin this morning at 8:30am.

A post-cruise transfer to Broome CBD or Airport is included.

Your Journey

Day 1: Board Le Jacques Cartier or Le Soleal in Broome

This morning is yours to explore Broome at your leisure. In the afternoon, make your way to the Port of Broome to board Le Jacques Cartier or Le Soleal for your Kimberley cruise. **D**

Stay: 10 nights on Le Jacques Cartier / Le Soleal

Day 2: Lacepede Islands

The Lacepede Islands are an important breeding habitat for Green Turtles and have been named as an important bird area. The breeding colony of Brown Boobies is possibly the largest in the world and up to 20,000 Roseate Terns have also been recorded here. Join your Expedition Team for a guided Zodiac tour. **B.L.D**

Day 3-4: Collier Bay, Horizontal Falls

The ancient landscapes of Collier Bay have been shaped by massive tidal movements, creating a photographer's paradise. With a tidal range exceeding 14 metres, this creates a unique phenomenon. Nestled in the centre of the bay is Montgomery Reef, the world's largest inshore reef system. As the tide falls, water cascades off the top of the reef, creating turbulent 'rivers' and mini waterfalls. Nestled at the southern end of Buccaneer Archipelago is Talbot Bay, home to the world's only Horizontal Falls. Also, hidden in the many caves and grottos of this ancient landscape are a multitude of ancient rock art galleries. **B.L.D**

Day 5: Careening Bay

Careening Bay was named by Lieutenant Phillip Parker King after his ship, the HMC Mermaid, was careened there in 1820. As the crew worked hard to re-float the vessel, the ship's carpenter carved the name of the vessel and the year into a boab tree. The boab tree is now three metres wide and National Heritage listed. **B.L.D**

Day 6: Hunter River

Arguably one of the most scenic parts of the Kimberley coast, Prince Frederick Harbour and the Hunter River are lined with pockets of ancient rainforest, pristine mangroves, and mosaic sandstone cliffs. The sandstone escarpment at the river mouth, known as "Kampamantiya", rises over 200 metres high before giving way to mud banks and mangrove forests. The Expedition Team will share their knowledge as you explore by Zodiac. You will also have the opportunity to reach the Mitchell Falls by helicopter (additional cost) from Naturalist Island Beach. **B.L.D**

Day 7: Swift Bay

The Bonaparte Archipelago consists of a rugged maze of islands stretching almost 150 kilometres along the coast. The bay is composed of fractured sandstone, providing an abundance of rock shelters. On the walls of these shelters are examples of Wandjina and Gwion Gwion style rock art. Join your Expedition Team for a guided walk to these rock art galleries. **B.L.D**

Day 8: Vansittart Bay

Jar Island contains ancient rock art galleries depicting the Gwion Gwion style unique to the Kimberley region. Gwion Gwion art may extend to over 30,000 years before our time and represents the first wave of seagoing colonisers of the Australian continent. These are the oldest detailed depictions of human figures in the world. Join your Expedition Team ashore for a walk to the site of the Gwion Gwion art galleries. **B.L.D**

Day 9: King George River

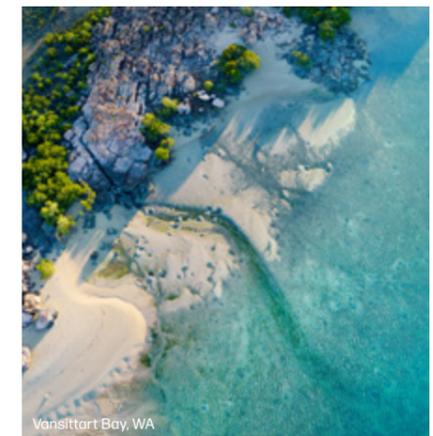

The journey up the King George River is breathtaking. The 80-metre-high sides of the gorge display varying degrees of weathering of the Warton sandstone, with the colours and textures changing with the light. The King George twin falls are the highest single-drop falls in the Kimberley. Your Expedition Team will escort you to the foot of the falls and explain the geological formations of the canyon. **B.L.D**

Day 10: Le Jacques Cartier or Le Soleal at sea

Enjoy a day at sea and take advantage of the on-board facilities. Your Expedition Team will provide an enrichment programme, focusing on Australian history, flora, and fauna. Lovers of the open sea can visit the ship's upper deck and perhaps be lucky enough to spot marine species. **B.L.D**

Day 11: Darwin

Early this morning, dock in the Port of Darwin, where you will disembark and your Kimberley cruising will come to an end. **B**

"We had a wonderful tour with a lovely group of fellow Australians & two excellent leaders. Whilst driving, Robin imparted a great deal of information about a broad range of subjects relating to history, economics & social aspects of life in Tasmania. Maddie would add some special anecdotal touches with warmth & humour. I have returned home with a desire to learn more about Tasmania thanks to them."

This afternoon, experience the 'Enchanted Walk', a 45-minute easy stroll amongst the area's unique alpine flora and fauna. A walk through history

The Alice Springs Telegraph Station Historical Reserve marks the original site of the first European settlement in Alice Springs.

Established in 1871 to relay messages between Darwin and Adelaide along the Overland Telegraph Line which connected Australia's population centres with the north of the country and Britain using the undersea telegraph network. Before the telegraph line was built, a message to England would have to travel by boat, taking 3-4 months each way. After the telegraph line was built, morse code messages could reach London in as little as 5 hours - slow by today's standards, but revolutionary for people of the 19th century.

The Historic Museum

Join a guided tour through the heritage museum and precinct to immerse yourself in the history of the Telegraph Station, the origins of Alice Springs as a town and the Stolen Generation of the Bungalow era of the 1930s. Travel back in time, and explore the inner workings of the original Telegraph Station and Post Office, as well as experience a working display of Meidinger batteries - replicas of those that powered the Overland Telegraph Line back in the 1870s - unique to the southern hemisphere.

The Trail Station Café

The Trail Station Cafe is nestled along the vibrant Alice Springs Trail, next to the historic Alice Springs Telegraph Station. Whether you're planning a picnic on the grassy lawns, walking one of the marked trails or tackling the terrain on bike - the Trail Station Café is the ideal stop for adventurers and explorers alike. Offering all your on the go needs with freshly brewed coffee, toasted croissants, gourmet sandwiches, ice-creams and a tempting selection of cakes to choose from.
